

## MARCHING ON LISBON TO OUST REVOLTERS

Loyal Troops, Only 13 Miles  
From Capital, Are Led by  
Gen. Roxas.

## CITY IN STATE OF SIEGE

New Government Releases  
All From Jail Accused in  
Peas Assassination.

By the Associated Press.  
LONDON, Oct. 22.—Gen. Estoril Roxas, commanding Portuguese troops loyal to the Government, which was ousted from office on Wednesday, is marching on Lisbon to suppress the revolutionary movement, says a brief dispatch from Vigo to the London Times. Gen. Roxas when informed that the insurgents had triumphed at the Portuguese capital started from Oporto to Mafra, eighteen miles northwest of Lisbon, where the greater part of the Third Division was in camp. It is probable that he is leading these soldiers toward Lisbon.

The first decree of the new Portuguese Government was an order for the liberation of men imprisoned on the charge of being involved in the plot for the assassination of Dr. Sidonio Pais, who was shot and killed in December, 1918.

By the Associated Press.  
LONDON, Oct. 22.—Former Premier Granjo, who was killed during the revolutionary movement here last Wednesday, will receive a formal State funeral. It was announced today. A state of siege for a period of fifteen days has been declared by the new Government. Everyone must be off the streets by 9 o'clock in the evening.

## CONFISCATION DECREES REPEALED BY SOVIET

Property Seized by Govern-  
ment Must Be Paid For.

By the Associated Press.  
Moscow, Oct. 21.—The Council of Commissars of the Soviet Government today published a decree repealing previous decrees which provided for the requisitioning and confiscation of private property.

The new decree states that future requisitions will be possible only by order of the Council of Labor and Defense, and that payments must be made in accordance with prices to be fixed by price committees. Confiscations can be made only by a court decision and will be conditional upon leaving the owners of households sufficient necessities and tools.

## PERSIAN AGITATOR ARRESTED BY SOVIET

Suspected of Being Employed  
by British Interests.

Moscow, Oct. 22.—The Persian revolutionary leader, Zohabeddin, together with his supporters, has fled to Tashkent, where he has been locked up by the Soviet regime, despite his appeals to the Third International.

M. Peters, former chairman of the Chieka, in explaining the Soviet action to the Izvestia, declared Zohabeddin had been employed by British agents in Persia to incite revolution.

## U. S. WAR STOCK BUYERS IN FRANCE FACE LOSS

90 Per Cent. Duty on Arrival  
Here, Is Paris Report.

Special Cable to THE NEW YORK HERALD.  
Copyright, 1921, by THE NEW YORK HERALD.  
New York Herald Bureau,  
Paris, Oct. 22.—  
Contestation has arisen in the ranks of American buyers of United States Army stocks, who stand to lose millions of francs unless they can get their purchases loaded, transported and checked by the American customs authorities across the Atlantic inside the next three weeks.

One of the largest American consignments received information today from Washington that a 90 per cent. tariff on war stocks will become effective November 15, and no excuse will be taken that transport was delayed by lack of railroad and shipping facilities.

## U. S. FORCES ON RHINE TO BE CUT BY 8,000

Weeks Issues Orders; Not Re-  
ceived by Allen.

WASHINGTON, Oct. 22.—Secretary of War Weeks today issued orders for a reduction of the American forces in Germany by 125 officers and 7,573 men.

PARIS, Oct. 22.—The American forces on the Rhine now number about 11,000, having been gradually reduced from 16,000 a year ago by the expiration of enlistments and transfers of invalids, whose places were not filled.

Orders from Washington for the withdrawal of the troops from the occupation area have not yet reached Major-Gen. Henry T. Allen, in command of the Americans, who is in Paris attending the inter-allied conference on the cost of the armies of occupation.

## JAPANESE WOMEN WANT WARS ENDED

Mme. Kaji Yajima, 90, Com-  
ing for Arms Parley.

Special Despatch to THE NEW YORK HERALD.  
CHICAGO, Oct. 22.—A little old Japanese woman is passing through Chicago, en route to the disarmament conference at Washington, who bears a message from the women of Japan to the women of America on the end of war.

She is Mme. Kaji Yajima, in her ninetieth year, who for thirty years has been the president of the Woman's Christian Temperance Union of her country. She and her fellow countrywomen, Mme. Chiyo Kowaki and Miss Asama Moriya, are passing the week end with Mrs. R. B. Cunningham of Evanston.

None of the three speaks English, but they talk freely through an interpreter. Mme. Yajima gave her message briefly. "The Japanese women do not want war and truly and heartily desire peace," she said. "The disarmament conference matter is primarily of interest to women. Like you American women, we want more of the money that is now spent for armament to be used for the education of our children. The common people of both lands want an end of war."

## JAPAN SEES FLAW IN CHINA'S POSITION

Invites Reconsideration of  
Shantung Proposals in  
Light of Treaties.

WASHINGTON, Oct. 22.—The text of the latest note of the Japanese Government to China, under date of October 19, relating to the proposed Shantung settlement was made public at the Japanese Embassy today. It expressed a readiness to embark upon negotiations on the question at issue whenever the Chinese Government, "in full appreciation of the main purpose of the Japanese proposal and upon giving more deliberate consideration to the question now at issue, and in the interest of cordial relations between China and Japan, shall express its willingness to open negotiations."

"The Japanese Government," it said, "is unable to comprehend the Chinese assertion that the Japanese project is entirely at variance with the principles underlying all treaties between China and foreign Powers."

Transmitted in reply to the memorandum of the Chinese Government dated October 4, the note discussed a number of "contentions put forward by China vis-a-vis the Japanese project," declaring they "are inexplicit, and in particular there are a number of points on which the reconsideration of the Chinese Government." Continuing it said, in part: "For instance, argument is advanced by her that the rights formerly enjoyed by Germany in regard to the lease of Kiaochow, having totally expired in consequence of China's declaration of war against Germany, should be restored to China without conditions. This not only is an argument hardly warranted by the principles and usages of international law or by treaties in existence between China and Japan, but may be said to aim at the frustration of effects of the Versailles treaty."

"On May 20 last the German representative in China declared in his statement addressed to the Chinese Foreign Minister that by virtue of the Versailles treaty Germany had renounced all her rights and interests which she formerly enjoyed in Shantung under China-German agreements, and that she was no longer capable of restoring them direct to China. This declaration having been duly taken note of by the Chinese Government, they are deemed to be fully cognizant of the effects produced by the Versailles treaty. It will be remembered that the Chinese declaration of war with Germany was made in August, 1917, when more than two years had already elapsed since the transfer of former German rights to Japan had been fully recognized by China in virtue of the China-Japanese treaty concerning Kiaochow and other matters.

"The Chinese contention, therefore, that the rights of lease expired entirely as a natural consequence of the Chinese declaration of war against Germany may be said to be tantamount to wholesale abrogation of treaties in existence as well as of all established facts."

## JOBS FOR 200,000 IN ROAD BUILDING

Federal and State Governments  
Have \$150,000,000 for  
Highway Work.

Special Despatch to THE NEW YORK HERALD.  
Washington, D. C., Oct. 22.—  
More than \$150,000,000 will be expended during the next few months for road construction and repairs on more than 7,000 miles of highways as a result of joint contributions by State and Federal Governments, according to officials of the Federal Public Roads Bureau.

With a nationwide surplus of labor and falling prices for materials, road building will take on a new and record impetus, officials say. Contractors are at work in virtually every State preparing bids for work projected.

More than 200,000 workers can be given jobs during the next 12 months in highway construction. Labor constitutes about 50 per cent. of the cost of road building, exclusive of materials.

Campaigns to stir public officials to the necessity of undertaking road work now and next spring are being staged in many localities by Chambers of Commerce, automobile associations, farmers' organizations and civic groups. Highway construction undertaken now is in line, it is pointed out, with the recommendations of the National Conference on Unemployment, which urged the building of as many miles now as possible to afford work for the jobless.

The permanent commission on economic readjustment left in Washington to carry out the recommendations of the National Conference is keeping in touch with the road campaigns in many sections.

Congress has measures before it calling for contributions of \$75,000,000 to States for road work, to be available where State and local governments appropriate like sums. As a matter of practice the money now supplied by the Federal Government constitutes only 42

per cent. of the total spent, although it is popularly believed that the States match the Federal Government dollar for dollar.

Road building costs now are cheaper than at any time since 1914, and about 20 per cent. below the maximum figures of 1920. The average cost of highway construction in the United States last year was \$21,000 a mile. For some kinds of road the cost was \$40,000.

More than 27,000 miles of new highway have been constructed in the last three years under the Federal appropriation of \$266,000,000, made in 1918.

Approximately \$160,000,000 worth of road contracts were let this year, providing for construction of nearly 5,000 miles. Approximately \$68,000,000 of the Federal fund is still available for the new work.

"EAGLE'S" 80TH BIRTHDAY.  
The eightieth birthday of the Brooklyn Daily Eagle is to be celebrated on Wednesday at 7:30 P. M. in the Eagle Building. Employees of ten, fifteen, twenty, twenty-five and fifty years of service will receive medals. A tablet in honor of Eagle men in war service is to be unveiled. Dancing is to follow.

## THE STORY OF REVILLON FURS

## At the Igloo Door

This Eskimo woman is sitting at the door of her igloo much as one might sit on a veranda to enjoy the air and sunshine. Notice the deep hole in the snow where she has put her feet to prevent getting numbed. It is essential in the North to keep the wind away from any part of the body which may become frozen quickly. The husky dog which forms part of every picture of Eskimo life is also enjoying the fine weather.

## Dark Eastern Mink

Adjoining the Hudson Bay country and along the coast of Labrador is the home of the Dark Eastern Mink, one of the most beautiful and durable Canadian furs. Mink coats are particularly good this year in both long and short models.

Revillon fur models are created in Paris but the skins from which they are made come directly from our own trading posts in Canada, Siberia, and wherever fur animals are trapped or raised.

In the various

Mrs. Howard Mansfield, Mrs. Junius Spencer Morgan, Mrs. Gifford Pinchot, Mr. and Mrs. Frank Potter, Mrs. Douglas Robinson, Mr. and Mrs. Edwin Robinson, Mrs. Ellen Root, Jr., Mrs. William Jay Schiffelin, Mrs. Charles Stewart Smith, Jr., Mr. James Speyer, Mr. and Mrs. Albert Steiner, Mrs. A. Stewart Walker, Mr. and Mrs. Felix M. Warburg, Mr. and Mrs. Everett P. Wheeler and Hon. and Mrs. Henry White. The Art Centre is the result of a concerted movement to develop a higher standard in the art industries and of art in trade and commerce with the aim in view to help Americans engaged in the industrial arts and graphic arts better to compete with the European markets. Nearly \$100,000 was raised to make the new centre possible, but \$60,000 is needed to complete the equipment of the building.
